# **Scouting's Journey to Excellence**

## **2021 Ship Planning, Performance, and Recognition**

Journey to Excellence uses a balanced approach to measure performance. It guides program planning before the year begins, monitors activities for continuous improvement during the year, and recognizes performance at the end of the year. In planning your strategy, use actual numbers from the previous year to guide your performance improvement goal planning. The period for measuring performance will be the calendar year.

Planning and Budget Measures	
1	The ship has a program plan and budget that is reviewed at all ship committee meetings, and the ship follows BSA policies relating to fundraising and fiscal management as found on the Unit Money-Earning Application form and any other publication that the council has developed for fundraising and fiscal management. A meeting is held with youth leaders where they are involved in developing the plan for the next program year. The ship's program plan should be shared with the unit commissioner. <b>Committee meetings may be held remotely.</b>
Membership Measures	
2	The ship has a growth plan to serve the diversity of our community and conducts a formal recruiting event. On December 31, 2021, the ship has an increase in the number of youth members as compared to the number registered on December 31, 2020. A membership growth plan template can be found at <a href="http://www.scouting.org/membership">www.scouting.org/membership</a> . Given current challenges, holding formal recruiting events may not be possible. Bronze may be achieved by developing and implementing a recruiting plan involving direct personal invitations for youth to join.
3	Number of youth members on the most recent charter renewal (A) divided by the number of youth registered at the end of the prior charter year (B) minus any age-outs (C). Total = (A) / (B-C). Age-outs are youth who are too old to reregister as Sea Scouts. If the ship has a December charter, use the one expiring on December 31, 2020; otherwise use the one expiring during 2021.
Program Measures	
4	The ship has regular activities (not including normal ship meetings). Number of youth participating in at least one super activity/long cruise, divided by the number of Sea Scouts registered in the ship on June 30, 2021. Given current travel restrictions, the crew may pursue alternatives approved by the council.
5	The ship has elected youth leaders as boatswain, boatswain's mate, yeoman, and purser who are leading the activities of the ship. Officers hold regular Quarterdeck meetings and receive training. Each ship activity has a youth leader. <b>Officer meetings may be held remotely.</b>
6	Ship members earn the Apprentice Rank shortly after joining. Meetings allow ship members to participate in fitness and citizenship activities. The ship encourages achievement through the advanced Sea Scout ranks.
7	The ship participates in at least two service projects during the year and enters them on the Service Hours website or through Scoutbook. The projects may be completed as joint projects with other organizations. At least one project must benefit the chartered organization. <b>Service projects may include home-centered efforts providing they serve others outside the home.</b>
Volunteer Leadership Measures	
8	The ship has Skipper, mate, and a committee of at least three members. Ideally, the chartered organization representative should not be dual registered as one of the committee members. The ship holds a meeting where program plans are shared with parents. Volunteer leaders are selected prior to the next program year. <b>Parents' meetings may be held remotely.</b>
9	Skipper and mates have had an orientation and have completed youth protection training. Skipper and mates (paid or multiple registration) have completed position-specific training or, if new, will complete within three months of joining. Two committee members have completed committee training.

Scoring the ship's performance: To determine the ship's performance level, you will use the above information to determine the points earned for each of the 9 criteria and then add those individual point scores to determine a composite score. Count only the highest point total achieved in any one criterion. Bronze level requires earning at least 550 points in at least 6 criteria, Silver level requires earning points in at least 7 criteria and 800 points, and Gold level requires earning points in at least 7 criteria and 1,100 points.
